## HOW TO USE THIS BOOK

*180 Days of Reading for Third Grade* offers teachers and parents a full page of daily reading comprehension and word-study practice activities for each day of the school year.

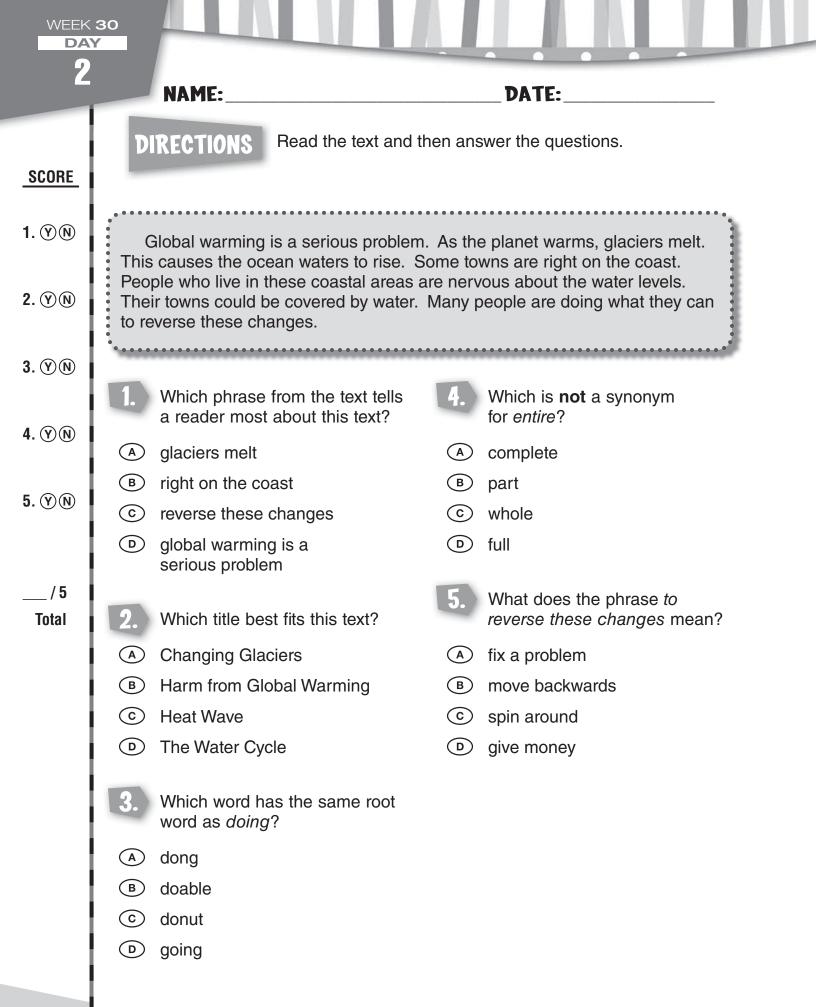

## Easy to Use and Standards Based

These activities reinforce grade-level skills across a variety of reading concepts. The questions are provided as a full practice page, making them easy to prepare and implement as part of a classroom morning routine, at the beginning of each reading lesson, or as homework. The weekly focus alternates between fiction and nonfiction standards.

Every third-grade practice page provides questions that are tied to a reading or writing standard. Students are given the opportunity for regular practice in reading comprehension and word study, allowing them to build confidence through these quick standards-based activities.

## Iceland

Iceland is a country in Europe. It is in a unique part of the world. Iceland is the most western country in Europe. It is surrounded by water. The capital is Reykjavik (REY-kyuh-veek).

The landscape of Iceland is remarkable. Part of the island is covered in glacial ice. Some of the coastline is created by *fjords* (fyohrdz). These are deep inlets. They are carved by glaciers.

Iceland is a volcanic island. There are many volcanoes there. There have been recent eruptions. The last big one was in 2010. It blew ash into the sky. Smoke made the air murky. It was hard for planes to fly around Europe.

People in Iceland take care of their beautiful land. There are national parks. There are also many natural reserves. These areas are protected. The plants and animals are protected as well. This includes reindeer! Reindeer are found in Iceland.

The love of the land is shown in Iceland's flag. The flag includes three colors. There is red. This is a symbol of the island's volcanic fire. There is also white. This is a symbol of snow and ice. Finally, there is blue. This is a symbol for the ocean that surrounds the land.

Icelanders speak Icelandic. They also learn English. They are proud people. Iceland is quite small. It does not have a large amount of residents. The culture is shared with a small group of people. Yet it is a special place for many reasons.
